ABOUT THE AUTHORS

TZIVY REITER, LCSW is the Director of Children's and Trauma Services at Ohel. Tzivy is a specialist in children's mental health, early childhood development, bereavement, trauma and disaster mental health. She has intervened in local and national disasters including 9/11, hurricanes, wildfires, and mass shootings. She believes social-emotional skills are a prerequisite for optimal learning and has lectured in dozens of classrooms on promoting resilience and social-emotional skills in children. She co-created *My Covid-19 Resilience Workbook*, used by 10,000 children during the pandemic, and was named a mental health hero during Covid

by the NYC Mayor's Office of Community Mental Health. Tzivy recently co-authored a book for preschool children with Naomi Baum, *I Feel That Way and That's Okay!*, and an accompanying Teacher's Guide. She is bringing these resilience building resources to new communities under Ohel's recently established Kestenbaum Family International Services for Children. Tzivy writes a blog for Psychology Today, "The Resilient Parent," and frequently writes about work/life balance. She is the author of *Briefcases & Baby Bottles: The Working Mother's Guide to Nurturing a Jewish Home*. Tzivy can be reached at OhelResilience@ohelfamily.org.

NAOMI L. BAUM, PH.D. is a psychologist who consults both in Israel and internationally in the field of trauma and resilience. She has a private practice where she sees clients both in person and virtually. Naomi is the author of *My Resilience Workbook*, the forerunner of the current *Resilience Workbook*, which was originally published in Hebrew in 2008, and then translated to English, Arabic, French, Spanish, Nepalese, and Amharic and used all over the world in post disaster and post traumatic environments. Dr. Baum created the Building Resilience Intervention (BRI), an evidence-based resilience model that has been applied widely in Israel and abroad. She is the author of professional articles

on resilience building and trauma as well several books, including her newest book, co-authored with Tzivy Reiter, *I Feel that Way and That's Okay!*, a preschool book for children. Her most recent adult book is *ISRESILIENCE: What Israelis Can Teach the World*, published by Gefen, and a workbook on mourning currently available in Hebrew. She has written books about cancer as well as grief and bereavement. Most of her books are available on Amazon. Naomi is a student and instructor of Qigong, a meditative form of movement based on the principles of Chinese medicine. She lives with her husband in Israel, is mother of seven, and grandmother of twenty five. Her website is www.naomibaum.com.

WELCOME TO INNER SPACE

MY RESILIENCE WORKBOOK

This workbook will take you on a journey through a galaxy of emotions!

Are you ready to blast off on a mission that will teach you about resilience and help you become a more confident space explorer?

WHAT IS RESILIENCE?

Resilience is a super cool and important word that means being able to bounce back when things don't go quite as planned.

It's like having an astronaut suit that protects you from space rocks and helps you keep exploring the galaxy, even when things get bumpy!

WHAT IS INNER SPACE?

INNER SPACE REFERS TO THE
THOUGHTS AND FEELINGS INSIDE YOU.

This workbook will teach you
new things about the way you
think and **feel**, and how to
recognize those feelings inside
your **body**.

You'll discover that like
the stars in the sky, your
emotions can get **bigger**
and **smaller**.

Just like an astronaut handles challenges in
space, you'll be equipped with your **Power Pack**,
filled with special tools that you have ready to
launch inside! These tools help you understand
and cope with your feelings. With the help
of your trusty Power Pack, you can navigate
through hard times and come out stronger on
the other side.

So buckle up and get ready to
explore this workbook. You
can choose to **write**, **color** or
sketch. You can keep your
answers to yourself—or share
them with others.

WE WISH YOU A JOURNEY FULL OF DISCOVERY AS YOU
EXPLORE YOUR INNER SPACE IN OUTER SPACE!
